Property Description

GREAT LOCATION within city limits. Have a look at this gem that you can open your imagination to and create whatever you would like to (within reason). This close to town 2 acres parcel of land sits steps away from the downtown corridor and you have immediate highway access and frontage. This is a blank canvas of you to build a service station, a food production facility or maybe a community market to mention a few ideas for this parcel of land. It will be sold with the land to the west as a package deal these locations don't come up for sale every day. Come have a look, you won't be disappointed.
