All this, and there is still more space in the Basement. Downstairs offers more spacious living with an additional finished bedroom and a space that could be developed into another bedroom or two with a bathroom. Did we mention that there is a triple car garage with three 10ft doors and 15 ft ceilings inside? Because there is! It is over 1090 sq ft of attached garage space! Outside, you could even build another triple garage and still have fun on this 1.28 acre lot. The yard is even fully fenced. The list goes on and on, but you will just have to come see for yourself.
