

320 Railway Avenue , Granum, Alberta - \$699,900

Main Photo

Property Description

Step into a magical space - a space that's ready for a chef who's looking to make their mark.

This completely redecorated and updated building has incredible touches of both hominess and whimsy.

With funky nooks for dining and visiting - exposed brick walls, timber beams and hardwood floors, tin ceilings, and leather benches - it's designed for the comfort and entertainment of visitors.

There's even an elevated level for private gatherings that features unique décor and exceptional bench seating.

From equipment to dishes, everything you need to open your own

restaurant is already here and comes with the building.

To make things even more affordable and convenient – there is a back area currently used as a baking kitchen filled with sunshine ... perfect for ice cream sales in the summer. With a bathroom and washer/dryer, this space could be easily doored off as a private suite.

Downstairs has a ton of room for storage and houses the newer furnace and hot water heater.

While the artwork and the clocks are part of the owner's private collection, everything is negotiable.

Making things even more appealing is an adorable, attached 600 plus square foot two-bedroom, one bath, fully-renovated and furnished suite. It comes with washer dryer, dishwasher, tv, sofa and chair, fridge, stove and microwave. This space is currently rented and generating income.

The original building has been completely re-done. All windows and doors have been replaced, the roof has been insulated to R-40 standards and the roof covering has been replaced.

This is truly a unique, turnkey opportunity to walk in and start cooking. It's a location that's waiting for a creative chef, someone with a vision and the ability to market this special place and find out what it could really be. A destination dining experience... in a rural setting, in the hamlet of Granum, Alberta.
