Property Description

This home, with its unique charm and potential, offers spacious rooms and high ceilings. While it does need some updates and TLC, it's a fantastic opportunity to create a space that truly fits your style. The large rooms provide endless possibilities, and some thoughtful upgrades have already been completed, including the addition of a dishwasher in the kitchen, a redesigned bathroom that has been moved to create more space, and a well-thought-out addition that expands the living area. Situated on 2 lots, there's plenty of room for outdoor activities or future expansion. There are 2 bedrooms on the main level, one of which is the addition. Upstairs, a narrow staircase leads to a versatile flex space and a bonus room, both ready for your personal touch—whether you need an office, playroom, or extra storage. With a little vision

and work, this home can be transformed into the perfect space for your needs!
