Property Description

WATCH THE VIDEO! Builders, developers, and savvy investors – THIS is the opportunity you’ve been waiting for. All bets are on Lynnwood-Ogden becoming Calgary’s next trending inner-city SE community, and I believe it!

This full-sized R-CG lot is located in the established, tree-lined enclave of Lynnwood, just steps from future transit, top schools, and parks. Development and Demolition Permits are already APPROVED—so you can move straight to construction and take full advantage of the remaining 2025 build season.

Approved plans are in place for a 1,732 sq ft, 3-bedroom, 2.5-bath DETACHED 2-storey home, plus an 816 sq ft LEGAL 2-bedroom basement suite, 10-ft ceilings, a double detached garage, and a west-facing backyard.

Recent comparable: A similar new build in Ogden sold earlier this month for \$835,000 in just six days. That home was over 100 sq ft smaller, included only a 1-bedroom legal suite (this one has 2), and lacked the premium Lynnwood location—making this project an exceptional opportunity to build more value, more function, and more long-term appeal.

Whether you’re planning to build and sell, hold and rent, or live in one unit and lease the other, this shovel-ready lot positions you for success.

Lynnwood offers unmatched connectivity and lifestyle appeal. Just minutes from Deerfoot, Glenmore, and Stoney Trail, and close to river pathways, off-leash parks, playgrounds, public and Catholic schools, churches, express bus routes, and the future Green Line C-Train with two stations opening in 2027.

This historic area blends mature tree canopies with infill growth, a skating rink, community garden, and one of Calgary’s few outdoor pools. Nearby revitalization includes Ogden Road upgrades and a redeveloped George Moss Park with tennis courts, baseball fields, and Calgary’s first pump track and skatepark.

The lot sits on a quiet, family-friendly street, close to a school, across from a seniors’ residence, and next to a locally owned daycare.
