The entire home has ample storage — cleverly built above the closets & on the sides of fireplaces.

There are 2 bedrooms on the main level feature soaring custom wood ceilings, with the primary suite offering his-and-hers closets, a cozy electric fireplace, dual window seats, and a luxurious five-piece ensuite. A convenient main floor laundry room with even more storage & a workspace as well as a stylish three-piece bathroom complete the main level.

One bedroom includes a mini bar, another boasts a kitchenette, open beam ceilings, electric fireplace, & walk-in closet (with a window) with space for a private office. The third versatile room could easily serve as a secondary kitchen or home office, with its own entrance & sink. A 3-piece bathroom rounds out this impressive lower level.

The oversized, heated garage (19'9" x 27'5") includes an integrated workshop & abundant storage options. With instant hot water, quality finishes throughout, & exceptional attention to detail, this home offers a rare combination of craftsmanship, functionality & warmth — a true lakeside gem unlike any other.
