Property Description

Welcome to this stunning custom mountain home, tucked away on a very private street in one of Canmore's premium and most sought-after locations. Panoramic views from the Three Sisters to the Rundle Range fill the open-concept upper level through dramatic raked windows. A striking Rundle stone fireplace anchors the spacious living and dining areas, while the chef's kitchen impresses with Wolf, Sub-Zero, and Miele appliances, granite counters, and an island bar. Step onto the wraparound deck for all-day sun and mountain vistas. The vaulted primary suite features its own view deck and spa-inspired 5-piece ensuite with steam shower and jetted tub. A second bedroom with ensuite, laundry, and powder room complete this level. The walkout lower level offers in-slab heat, a large family room with fireplace, two

bedrooms, a 5-piece bath, and an office with custom built-ins. Finished with low-maintenance landscaping and extensive Rundle stone, plus an oversized, heated garage.
