Property Description

This warm and cozy 2 bedroom 1 bath house is perfect, if you're looking at purchasing your first property. On the main level you have the kitchen, living room and laundry while upstairs has both bedrooms and the bathroom. With updated flooring, windows, hot-water tank and shingles there's very little to do with this property. Close proximity to main street and the grocery store walking to go shopping isn't out of the question. The property has a large back yard that can be fenced for a dog or children.
