### Property Description

Adorable raised bungalow with great potential! Situated in the Glendale neighbourhood this home has been owned by the same family since day 1 (purchased brand new from Art Batty Construction). There have been updates over the years including original hardwood refinishing, flooring, most windows, main level bathroom reno, electrical panel, and more. The shingles on the house were JUST replaced this summer too. That being said...the basement offers the new owner an opportunity to update and add some equity. The lot is very established and shrouded in foliage as you would expect a South side lot to be. For your back yard BBQ's there is a wonderful ground level deck that is very private. You'll appreciate the "green" old school clothes line and vegetable garden plot. Parking facilities include a double detached

garage off the back lane, and an ample parking pad out front. Book your viewing today with YOUR preferred agent and start your vision.
