Upstairs, the living room backs onto a large GREENSPACE. With many large windows, the living area offers lots of natural light. A nice deck is right off the living room and presents a welcoming and quiet spot because of the GREENSPACE. The deck is substantial with plenty of room for comfortable patio furniture. One level up is a large kitchen and dining area with ample room for a large dining set. Large windows also flood this area with natural light. With this ample space for dining, this area is great for entertaining. A 2-piece bathroom completes this level. Upstairs are 3 bedrooms. The primary bedroom is very spacious, offers a 3-piece ensuite bathroom and a walk-in closet. The primary also backs onto the greenspace, so is a tranquil location for sleep. The additional two bedrooms share a 4-piece bathroom. The attached garage accommodates at least one car and has space remaining for storage, (motor) bikes, camping gear, etc.

More storage is available in the unfinished basement.
