Property Description

*** OPEN HOUSE between Noon - 4:30pm Saturday September 20, 2025 *** Discover Your Ideal Townhome in Fireside

Welcome to this fantastic opportunity in the desirable community of Fireside in Cochrane. If you appreciate quick access to the mountains and a home that truly stands out, then this is the place for you.

This 3-bedroom townhouse offers a unique advantage: no condo fees. As an end unit, it benefits from an abundance of natural light streaming in from the side. The generous lot, over 25 feet wide, provides the potential to build a double garage—a rare find compared to other units with narrower lots.

The main floor is perfect for a growing family, featuring a south-facing living room and an open-concept layout for the dining and kitchen areas. The kitchen is a true highlight with its modern design, including a large quartz island, a sleek backsplash, and white cabinets. A Samsung appliance package adds both style and convenience.

Upstairs, you'll find a spacious master bedroom complete with a 3-piece ensuite and a walk-in closet. Two additional well-proportioned bedrooms are ideal for children or guests. A 4-piece bathroom, linen storage, and a conveniently located second-floor laundry room complete the upper level.

This home feels and shows like new, offering the perfect blend of modern living and family-friendly practicality.
