make this home truly special. The flow from the large dining room and kitchen, to the beautiful living room with gas fireplace, to the spectacular deck and backyard provides a wonderful environment for family time and entertaining. The main floor powder room is another great feature.

These original owners insisted on numerous Builder Upgrades, such as: Great Room Extension, larger windows, Premiere Cabinet Package and quartz counter-tops. The kitchen is complete with an updated stainless steel Kitchen Aide and Bosch appliances, and double electric oven with gas cooktop range. A chef's delight!

Proceed up the gracious staircase to the west facing family room/bonus room with it's vaulted ceiling and spectacular views. A truly special place to enjoy the benefits of this home. Whether you are enjoying the sunset over the mountains, taking in the activity on the field or simply enjoying the serene openness, you will know that this view is yours to keep forever. The convenience of an upstairs laundry room is just down the hall.

This home gives you room to grow! The fully insulated basement, with high ceilings, gives you the opportunity to easily add another 430 square feet of living space as you wish. The single attached garage is over-sized, at 28'5" x 13'7", which gives you plenty of room for your car and for lots of storage. The curb appeal, beautiful landscaped yards and great outdoor space will only add to your use and enjoyment.
