The kitchen has been elevated with quartz countertops, a stainless steel double sink, updated plumbing fixtures, a new microwave and dishwasher, complementing the existing cabinetry and appliances. Bathrooms have been transformed with quartz vanities, new sinks and fixtures, a newly tiled tub and shower surround, and a modernized powder room. Outside, a new two-car parking pad, wood deck, partially new fencing and professional stucco repairs enhance both curb appeal and convenience. The important mechanical updates include a newer hot water tank (2020), a high-efficiency furnace and

humidifier installed in 2008 and serviced annually, newer windows and patio door within the last 10 years, and the peace of mind of no Poly-B plumbing and all shut-off valves (including the City main) recently replaced.
