The backyard is fully fenced for your four-legged friends, while the rest of the acreage is a perfect mix of mature trees and manicured green space. Newly planted trees along the driveway will soon create a breathtaking natural entrance to your home.

Inside, this spacious four-bedroom home defines comfortable luxury. Three of the bedrooms feature their own private en-suites, making it ideal for families or guests. A spacious loft above the garage provides a completely private living space, while the full, unfinished walk-out basement is ready for your vision—whether that's a recreation area, extra bedrooms, or even a separate suite.

Acreage opportunities like this don't come along often. This is the perfect blend of country living and town convenience—don't miss your chance to make it yours.
