1,100 sq. ft. of well-planned living with 2 bedrooms plus a DEN, 2 full bathrooms, and a titled underground parking stall + 3 storage areas. The interior has been finished with a long list of upgrades including quartz counters, designer tile backsplash, stainless steel appliances with a built-in microwave/hood fan, central A/C, luxury vinyl flooring, upgraded lighting, ceiling fans, high-end finishes throughout, along with an in-suite laundry room. The layout flows seamlessly onto a large south-facing private patio, perfect for entertaining or simply relaxing outdoors with a glass of wine or a cup of coffee. Additional parking and storage options are also available for purchase from Cove Properties, one of Calgary's most respected multifamily developers, and this home reflects their reputation for thoughtful design and quality construction. Some other features that any condo owner will appreciate include THREE STORAGE AREAS, two of which are conveniently located just down the hallway and have been combined into one massive unit—no more dusty parkade storage areas here, and the third is located in the oversized parking stall, an ideal place for winter/summer tire storage. The parking stall is uniquely positioned to offer additional space, making entry and exit a breeze without worrying about frustrating parkade door dings. Other features of the building and its location include bike, e-bike, and tire storage options, low condo fees, walking distance to the off-leash area, proximity to Fish Creek Park, backing onto a playground (perfect for grandkids), close to a new shopping centre, and easy access to Stoney and Deerfoot Trail. Whether you're a downsizer looking for a unit that doesn't feel like a shoebox or a working professional that needs the extra den space (could also be a third bedroom), this unit certainly checks all the boxes. Please reach out today for a private showing and experience everything Wolf Willow has to offer.
